CONTENTS

1. **Problem** 1
2. **Approach** 1
3. **Next steps** 1

Replace this paragraph with the problem, the central finding or proposal, and its principal limitation. The abstract has no visible label.

Problem

Replace this paragraph with the reader's problem and the evidence needed to understand it.

Approach

Describe the method or proposal. Add components from the specimen only when they serve the content.

Assumptions and limits

State what is known, assumed and untested. Cite sources using linked reference markers.

Next steps

State the decision, experiment or action this document supports.
